Use shipping software to qualify for Commercial Base pricing which gives you discounted rates on many USPS shipping services.

Choosing the right Priority Mail service helps you save money: Flat Rate is for shipping heavy packages long distances; Regional Rate is for heavy packages going short distances; and Zone-Based Service is for lightweight packages.

Audit Your Invoices: With additional surcharges getting announced in January and April 2021, be sure to keep an eye on your invoices to see if those surcharges get added.

Be Aware of DIM Weight: Don't leave unused space in your packages. Light, bulky packages will get hit the hardest with DIM weight charges.
